# Atlantic County LOCAL ROAD SAFETY PLAN

## What is a Local Road Safety Plan (LRSP)?

A Local Road Safety Plan (LRSP) is a five-year actionable plan that provides a framework for identifying, analyzing, and prioritizing roadway safety improvements on all county and municipal roads. The LRSP development process is tailored to address local issues and needs through continuous stakeholder involvement. This process ultimately results in a prioritized list of issues, risks, actions, and improvements that can be implemented to reduce fatalities and serious injuries on local roads.

## What is the goal of the Atlantic County LRSP?

Atlantic County's goal is to reduce fatal and suspected serious injury crashes to zero by 2050.
